state current practices and deviations from the Principles:

We have established the "Sustainable Development Best Practice Principles" to define our practices for environmental management, social welfare, human rights, stakeholder rights and interests, and local communities. It is also posted on our corporate website.

- VII. Other important information useful to understand the operation of corporate social responsibility:
 - (I) Workplace health and safety:
 We offer rich healthcare resources to employees and care about employee health over the cloud health management system and by organizing diversified health talks.
 - (II) Taiwan iSport certification
 Our efforts in developing the habit of regular exercise in employees and support for
 the development of the sport industry have been rewarded by the Taiwan iSport
 certification by the Sports Administration, Ministry of Education.
